

text for commencing fresh hostilities against us.

It has been observed that the people where Judge Douglass resides say to him, "What are you going to do with Utah? We hope you will do something to put down this odious doctrine, for they will have more women than one, and they will acknowledge them openly." I am now talking in accordance with their practice. "We want to hire our women in the dark, and pay them a few dimes or dollars, use them as long as we wish, and then kick them out of doors. But the Mormons will own them, give them their name, acknowledge their children and educate them."

That is one great difference between the "Mormons" and the Gentiles, and, upon natural principles, that is, to outward appearance, in reality all the difference there is, though we are laying a foundation for another state of being. Are they men of virtuous character who talk so about the "Mormons" having more wives than one? How odious it was last winter, in the sight of certain men who were here, to think that we had more lawful wives than one; yet they would creep into your houses, and try to coax your wives and daughters away from you. What for? Was it to make them more honorable, to give them a better character in the midst of the inhabitants of the earth, sustain them better, and make them more comfortable, and acknowledge them? No—they wanted to prostitute them, to ruin them, and send them to the grave, or to the devil, when they had done with them.

I do not know what I shall say next winter, if such men make their appearance here, as were some last winter. I know what I think I shall say, if they play the same game again, let the women be ever so bad, so help me God, we will slay them.

If any wish to go to California to whore it, we will send a company of them off; that is my mind, and perhaps some few ought to go, for they are indeed bad enough.

There are some things I learned, when I was in the south country lately, which I do not wish to mention, because of the friends of those girls who are gone; but when they passed through the southern settlements they were weeping all the time, and they are perhaps now in their graves. The men who coaxed them away did not intend to take them to California. If any offer to do the same things again, in these mountains, "judgment shall be laid to the line, and righteousness to the plummet;" and they say that Brigham does not lie.

If they want women to go to California with them, we will send a company of the same stripe, if they can be found, and then both parties will be suited to and for each other. I would rather follow her to the grave, and send her home pure, than suffer my daughter to be prostituted. I will not suffer any female member of my family to be polluted through the corruptions of wicked men.

Write this to the States, if you please. If there are any Gentiles or hickory "Mormons" here, and so disposed, write it down and send it to Washington, that if they send their officers and soldiers here, to conduct themselves as they did last winter, they shall meet upon the spot the due reward of their crimes.

Though I may not be Governor here, my power will not be diminished. No man they can send here will have much influence with this community, unless he be the man of their choice. Let them send whom they will, and it does not diminish my influence one particle. As I said, the first time I spoke on this stand, my Governorship and every other ship under my con-
