

out having to salt them. Have any of you come to that yet?

I have seen the time in Nauvoo, the last time I went to England, when I could sit down with my family and eat all we had in the house, and then not have half enough. I never was so poor in my life as I was then, and I was sickly and afflicted. Was I happy? Yes, just as happy as I am now, and just as comfortable in my feelings.

I always felt as thankful when I had not anything as when I had plenty; I feel as thankful with a little as I do with ever so much.

But I have heard some people say, that they could not ask God to bless a johnny-cake, and feel thankful for it. I could mention many such characters, people who are never thankful, only when they have an abundance. I am thankful when I have a little; I am thankful now, and I never was more so than I am this day, for there is a prospect of some people learning a lesson, though I doubt very much whether all will.

Does it make all humble? No, for many are calculating to start for California directly. Thank God for that, not a soul of them will cause me to shed a tear at their leaving, not even if they were members of my own family. Inasmuch as they wish to go, go, say I, off with you, there are plenty more where you grew. But when you go, do not steal what few cattle we have left.

Brother Erastus Snow, while in the States, borrowed money to assist the P. E. Fund Company. I have some property close to my house, on the west side of the street, five, six, or seven thousand dollars worth, that I will let any of you have for drafts against the Fund. I also have two farms and some cattle that I will dispose of for the same kind of pay, and the farms have as good soil as you will find in the Territory.

I do not wish to let you have my sheep, for I am determined that my family shall make their own clothing. I am going to organize a domestic manufacturing company, in my own family; we are going to make up our own clothing and attend to our own business. Let us do this in every family throughout this City, and throughout this Territory.

It is necessary for us to take a course, to put ourselves into a situation where we may be as independent in our sphere of action, as God is in His. You have heard brother Brigham say, a thousand times, that there is nothing we wear, eat, or drink, but what is in the elements around us. It is for us to take these elements and organize them, and put them into a condition in which we can use them.

I know that there are a great many good people here; the jewels of the earth are in this congregation, and in different parts of this Territory; they are jewels of the earth, both male and female. Some of the meanest of people are here also; on natural principles there must needs be an opposition.

A company of men was selected to go to Las Vegas to strengthen up that settlement, and I understand that other men were getting up companies for other purposes.

We wish those who are appointed to go to Las Vegas, to Green River, and to other places, to go where they are appointed, and nowhere else, and not to listen to any man on earth who would influence them to go somewhere else, unless they are dictated to take a different course by the President of this Church.

Thomas S. Williams is getting up a company to go on an exploring excursion; he proposed doing so, and brother Brigham told him to act his own pleasure. It is his own individual proposal and affair, and not an appointment by the authorities of this
