APPOINTMENT OF BISHOP FOR CACHE VALLEY— COUNSEL TO THE PEOPLE

REMARKS BY PRESIDENT BRIGHAM YOUNG, MADE IN FRANKLIN,
CACHE VALLEY, JUNE 9, 1860
Reported by G. D. Watt

I understand that no Bishop has yet been appointed for this place. I would like to learn the feelings of the brethren here in regard to this matter, and will be pleased to have you inform us.

[Bishop Maughan moved “that President Brigham Young nominate the man to be Bishop, and we will say Amen.”

This unanimously met the feelings of the brethren.—Reporter.]

The instructions to the people of this settlement will be committed to paper, that they may be constantly before them.

I propose that brother Preston Thomas be ordained Bishop of this settlement. He is residing in Lehi, but came with us intending to visit Bear River Lake and Soda Springs, but has since concluded to settle here. I propose that he settles here, and that we make him your Bishop and presiding officer.

It is understood that brother Peter Maughan is Presiding Bishop for this valley; and Elder Ezra T. Benson, one of the Twelve, has been appointed to be one of his Counselors, and probably he will choose me for the other.

If it meets your minds to have

brother Preston Thomas settle here, and you feel that you can hearken to his counsel, raise your right hands. [The vote was unanimous.—Rep.]

Brother Preston Thomas will select his own Counselors. I have no question but that there are excellent, good men here, and they will be willing to hearken to his counsel.

I propose to the brethren here, and wish them to take my counsel, to build a good strong fort. If you have not material for building a wall, you can make a strong stockade by putting pickets into the ground, which will answer a good purpose against Indian attacks. The stockade can be easily repaired by replacing decayed pickets. I wish you to build a stockade large enough for corralling your cattle outside the town. Let your grain also be stacked away from your buildings, and so arranged that if one stack takes fire all the stacks will not necessarily be destroyed.

You are very much exposed here. The settlements in this valley are, as it were, a shield to other settlements: you must therefore prepare as speedily as possible to make yourselves secure. You have a beautiful location and a plenty of excellent water.
