

one spirit, and let them partake of the same element; and then, Father, baptize the Twelve, and the Seventies, and every officer in the Church and kingdom of God, and also every Branch connected to them, that we may all be baptized into one spirit; then we need not fear earth or hell.

Brother Wells was speaking of the extension of our settlements, that every inch of ground that is consecrated to God and the use of his Saints is redeemed from the power of Satan. That is verily true; and when the people of our settlements act like one man in all things that are revealed unto them, it will truly be so. But I presume, brethren, you will find many devils in all these places; and they will be there until they are cast into hell with all those that forget God and turn away from him. It is for us to keep them out of our own bodies. If we do that, they will not trouble us much. Resist the Devil, and the Scripture says he will flee from you; that is, he will stand back a little until he can get a better chance at some future time to make an attack upon you. That it is his business, and it is ours to avoid him and keep him far from us. Our calling is to do right, and to teach righteousness and virtue, industry and economy, that we may gain power over the world, over the flesh, and over the Devil, and over all that is combined to overthrow this work. Do you think they will overthrow it? They may overthrow many of you, but they will never overthrow this Church while the world stands. But when a man loses that Good Spirit, he looks upon this work as the world look upon it. He sees no beauty in it; he is opposed to it in his heart.

As for the condition of the nations that brother Wells has been speaking of, we shall never secede from the Constitution of the United States.

We shall not stop on the way of progress, but we shall make preparations for future events. The South will secede from the North, and the North will secede from us, and God will make this people free as fast as we are able to bear it. They send their poor miserable creatures here to rule us. Why, it would be upon the same principle that this Church and authority should send some poor curse to rule me and my family in my own house. We need good men that are capable of ruling us, and we have them in our midst. Take any man there is here, and I would rather have him come and rule me and this people than have any of those poor creatures that come here. What do they know? Nothing, only to come here and undertake to lead this people astray and pollute them. They would pollute everyone, if they had the power, or everyone that would yield to them. We have to submit to this, and to bear it with patience. But let me tell you, the yoke is now off our neck, and it is on theirs, and the bow key is in.

The day is not far distant when you will see us as free as the air we breathe, and we will be ruled by those men whom God Almighty appoints. I live above the law, and I am above them, and mean to keep so by doing right, as the Lord requires us through those who dictate and lead us.

President Young is our leader, and has been all the time since the death of Joseph Smith the Prophet. He can govern this people with his hands in his pockets, and they are not governed one whit by the men that are sent here. I want to tell it, and I want they should know I tell it. We are going to be ruled by our Father in heaven, and the agents he sends and appoints for us, from this day henceforth and forever.

Let us all go to work and culti-
