back a little you will see that we have been for several years past calling for the Elders to go forth and preach the Gospel, and we have almost preached to all nations. There may be some nations that we have not preached to, but we have preached it in France, Italy, Germany, and the States of the German Confederacy; and it has been preached in the British Isles, in North and South America, and the Society and Sandwich Islands, and to China, and we have even sent them to the dark regions of Asia and Africa to preach the Gospel of Christ. There were two of our brethren past through here last night who have been to those countries. Chauncey West has been through that country and can tell how it is there. Could he get any converts there? Yes, if he could get them plenty to eat, but if he could not feed them and keep them they would not stay with him. Now Chauncey West has done as much as he could, and not only preached and traveled, but he has cleared his skirts of those people among whom he has traveled, and he has cleared this people, for they have been commanded to preach this Gospel to all the nations of the earth.

Do we want to save the Lamanites? Yes, we do, and they are here by thousands and hundreds of thousands, right upon this continent; we have them all around us and they want saving. Supposing we were to take those Elders that we have in the various nations and send them in among these Indians, these natives of the mountains, what would be the result? Our Elders go and leave their families for two, three, five and seven years, they leave all and travel by land and sea, they get shipwrecked, go almost naked, and be gone for years, preaching and laboring year after year, and what do they accomplish? Not as much as they could do at home in one month, but still they go, and positively don’t do as much good as they could do at home in one fourth the time. Now, suppose I were to call for Missionaries to go and preach the Gospel to the nations that are termed the civilized nations, I could get hundreds of volunteers. Why are you not willing to make sacrifices here? Why should not men be willing to go and spend their time and talents among these Lamanites and save time, money, and hundreds and thousands of dollars? Let a man till his garden, attend to the cows, get his living and devote the spare portion of his time to preaching to these Lamanites, and he will be right at home all the time. But men will prefer going and spending their time year after year among the Gentile nations, and accomplish a mere nothing. And I can find men in this congregation who will do this, and do it freely, but say to them set your own time and go to the canyon and get a load of wood for these Lamanite squaws and will they do it? No, they will not. Is it not strange that men will act so, go from home and spend hundreds and thousands of dollars to preach the Gospel to somebody of noted civilization, away off yonder (pointing east), but will we go to the Lamanites? No, but we try to get away off from them. We are treating them just as the Latter-day Saints have been treated by the Gentiles. If any of them come about begging, the Latter-day Saints instead of serving them and thereby kindling a good spirit within them say, "here, get out of the way, let this alone, and don’t you meddle with that, I don’t like you, go away from my house." This is the way the Saints talk to these natives. Now, where shall we go—to the nations that have rejected the fulness of the Gospel, or shall we stay at home and preach to these
