

they might save themselves from two to five hundred thousand dollars yearly. Is this economy or wisdom? A few years ago we raised our own sweet; but when the railroad came it brought sugar to us very cheap, and where is our sorghum now? There is hardly any raised in the whole Territory. The people say—"The sugar is so cheap." Suppose sugar was only one penny a pound, and you had not that penny and could not get it, what good would it do you? None at all. If cotton cloth can be bought for fifteen, ten, or six cents a yard, what does it profit a people if they have not the money to buy it? It does them no good. When they have the ground to raise the cotton, and the machinery to work this cotton up and make the fabrics they need, they can do it,

money or no money. And so we go on from one thing to another, and we would be glad if our brethren, in their remarks, will give us their views and instructions on these points, and the bearing they have had upon the people in the past, and how they will affect them in connection with the United Order which we are now seeking to introduce.

If any man, merchant, businessman, or anybody else has anything to bring forward to show, as they think, that the United Order will militate against the interests of the community, we invite them to speak it freely, and give us both sides of the question. We are for the best, we are for the right, for that which will accomplish the greatest good to the greatest number. I shall now give place for others to speak.

"Behold, I will send you Elijah the Prophet before the coming of the great and dreadful day of the Lord: And he shall turn the heart of the fathers to the children, and the heart

of the children to their fathers, lest I come and smite the earth with a curse." This passage will be found in the 5th and 6th verses of the 4th chapter of the Prophet Malachi.
