

reach home, and find brethren, if they can, who are willing to go and do this work, so that by Christmas the building may be ready for the roof, that we may, in a very short time, have the font dedicated and the ordinances of the holy Priesthood performed in that place. We appeal to our brethren and sisters in behalf of this St. George Temple. Our brethren in that vicinity are doing all they can to push forward the work, but five or six months' help from a hundred or a hundred and fifty men is very desirable.

I will invite all the brethren and sisters from the settlements who may visit Salt Lake City this summer to step on to the Temple Block and see what we are doing for the Temple here. See the beautiful stones that have been quarried in the Cottonwood and brought here, every one cut and numbered for its place. And it is the duty of the brethren to call upon the Lord for his blessing upon the work and upon the workmen. I also call upon the Bishops and teachers in all the stakes of Zion, to be on hand and to see that, in the building of this Temple, in the Center Stake of Zion in the mountains, we are not under the necessity of involving ourselves in disagreeable liabilities in order to move the work forward. For the last year we have had from sixty to ninety men engaged in cutting stone on this block, and a number of other mechanics to supply them with tools and other necessities; last summer we had a considerable force of men laying these stones on the walls. In Little Cottonwood Canyon we have continually at work a force of from twenty-five to sixty men quarrying granite, and every day, Sundays excepted, two or three carloads of this granite, from ten to twelve tons each load, are brought from the quarry to the Temple Block. It is really a

delightful thing, to a person who has never seen it, to go on to the block and see the skillful manner in which our architects and workmen pick up these big stones and pass them all over the building, and lay them in their place to a hair's breadth. It shows what can be done with a little management, skill and ingenuity.

We earnestly appeal to all Saints, tithe payers, to donate liberally and punctually for the prosecution of this work. While we employ so many skilled mechanics and other laborers, their families constantly require a supply of not only home products, but of money, and merchandise which costs money, and unless the brethren furnish the means to supply these necessities, we shall be obliged to dismiss many of the workmen. We have already incurred liabilities which press upon us, and we call upon the brethren to supply the means necessary to enable us to maintain our credit and continue the work.

It is the design of the teachers and superintendents of Sunday schools, to get up a children's musical jubilee. Some songs have been composed, and they are being learned and practiced, and they calculate to assemble some eight or ten thousand children in this building and have a general time of grand musical song. The enterprise is a very laudable one. We do not know when the festival will take place but brother Goddard, the Assistant Superintendent, and a number of others who are interested in Sunday schools are doing all they can, and we ask the cooperation of the Bishops, presidents, teachers and brethren and sisters in the several Stakes of Zion to take a part in it, and make it one of the finest festivals of the kind ever held. The progress of our Sabbath schools will be encouraged, and the elevating ten-
