Presidency of this Stake of Zion, if you could take one-fourth the time of the men who are idle here and put it on the Temple, and take the other three-fourths and go to the Railroad Companies and say, "Gentlemen, we will turn you out a hundred hands who will work for one dollar a day," we would have the railroads in our hands, and have every dollar that they spend for five hundred miles. We might bring every dollar in here, and live within fifty cents on the dollar, and save the other fifty cents. How long would it take the men to go down to the bedrock, where we were brought up? I can see women who, when they were twenty years old, six yards of calico was all they asked for for a gown, and that was good enough to wear to meeting or to a party; good enough anywhere. If my mother and her grandmother got one silk dress, and they lived to a hundred years old, it was all that they wanted. I think my grandmother's silk dress came down to her children. She put her silk dress on when I went to see her. It was, I think, her wedding dress, and she had been married some seventy years.

Some of the ladies wear a silk dress and say, "Husband, I want another silk dress, I have had this four years." Learn to be prudent. It is no skill to get money; but, it is a skill to know how to preserve it and make it increase, and bring to you an abundance to build up Zion, and purchase what we want.

I wish to say a few words to my sisters in regard to raising silk. I would like to talk just enough to have you do something in this direction. This is a matter that I have talked upon for a great many years. Soon after I first came to the valley, I sat on a load of hay in Salt Lake City, and said, "this atmosphere is full of silk and all good things; and we will prove it to be one of the best places for raising silk." We have proven that we can raise it. There are sisters here who can reel it and make it into cloth. There is a sister before me with a silk dress on; she raised the silk, and made it herself; and I warrant it will wear four times as long as any you can buy in the stores. (By invitation the sister arose that the congregation might see the dress.) I want to encourage you in this industry. If you want a little change, you can very easily get it by raising silk. Silk that we raise here, when it is reeled, is worth from $8 to $14 a pound. It is always a cash article, and finds a ready market. There is no day in the week or month in the year but what you can find a market for silk, and get the money for it. I wish the sisters would think of this. A few pounds of silk gives you a little money. It is easily raised; where there is a little care taken you can preserve the eggs so that you can raise two crops of cocoons in a year. There is no trouble to preserve them in our ice-houses, until the first are disposed of, and so you can keep the crops growing along. You can raise more money than the farmers, and beat them in the production of wealth. Take a woman with her children, and they will make twice the amount of money by raising silk that the man can make with the farm. If you will try it you will say it is true.

If you have not the mulberry trees—I have proffered for years to give the trees and if you want a thousand you are welcome to them, or a million, I am ready to give them to you. Some twenty years ago I sent for mulberry seed. I have raised thousands and tens of thousands of trees, and they are in this
