

will be true and faithful to God and to His Holy priesthood. And the work of God will roll on, Zion will be established, and the kingdom of God built up, and no man will stay its progress. Amen.

THE BUILDING UP OF ZION—GRATITUDE TO GOD, ENDURING TRIAL, ETC.

DISCOURSE BY PRESIDENT JOHN TAYLOR, DELIVERED AT BOX ELDER COUNTY,
WEDNESDAY, OCT. 19TH, 1881.

REPORTED BY GEO. F. GIBBS.

I am pleased to meet with you, and I should have been so the other evening, when you held your last meeting, but I thought it proper to remain among our Lamanitish brethren, as they look to us for instruction. We sent other brethren along, but I heard some of the Saints felt a little disappointed because we did not come. We feel you are our brethren and sisters, and that you are one with us, and we are one with you, and with all who love righteousness.

We are endeavoring to build up the Zion of our God, that we may fill the measure of our creation upon the earth, and fulfil the various duties which devolve upon us, and also teach others to do the same. It is for this reason that we travel around among the people; and there are a great many people to see now. In a short time hence we shall have traveled all through the Territory, visiting almost all the settlements.

We are building up Zion, and Zion is not confined to our prominent cities, but includes all the cities of the Saints. We are desirous that all should become acquainted with the principles which God has revealed for the guidance, benefit, blessing and salvation of His people upon the earth. These are our feelings towards you, and towards all the Saints. And then, we have not any bad feelings towards others, although the world generally are opposed to us.

You have a beautiful valley here, and have facilities for a large settlement; and the water, perhaps, if properly managed, would not be malad, or sickly.

Zion is growing, and the Lord has said it should; and it will continue to grow, and it is for us to grow with it—to grow in intelligence, virtue and purity, and in the knowledge of correct principles ourselves, and then to teach the same to our
